You should stop drinking.
Why ?
Women can't drink ?

Drinking more than you are capable of is never good.
So, you are fine with men who drink, but not fine with women who drink?
There are just so many restr ct ons for women
Ugh!
Don't worry though I don't get drunk with th s amount
Bes des even if I do get drunk here 's a man who can run even when carry ng a person anyway

Se w asn't it ? Why don't you drink it s on me
I don't dr nk
B told you not to dr nk ?

Ever s nce I was young
I've always felt those eyes

Mistress ?
You d dn't know?
I thought everyone
knew

I don't know if it has ended yet but the 100 man council was opened because of Bi and me
To make that nursemaid's daughter put on the throne of the queen
And whether so-called the most powerful ladyis to be sent to Anatoria as a mistress or not
Oh If Bi becomes the queen good for you Se
I do not care what she becomes of
As long as she s happy
Because all the king knows about s some woman h's followers suck too

His followers? What do you mean ?
The general Vaida, on surface, he appears to have discipline and all, but he has a mistress.
A m stress?
You know her lady Sharu
Ahah that nc dent woman huh
Father lke son
You know what?
H s son plays wth the same woman who plays wth h s father as well
That says all Core of th s country s rotten
Isn't he the ch ef guard?
He looks strong I guess he s a stud huh

The chief guard is what ?
Do you have proof ?
What is this ?
Answer me !
Who do you think you are ?!
Do you know who I am ?
I don't care who the hell you are !
You better get proof before you speak !es
How dare you ...

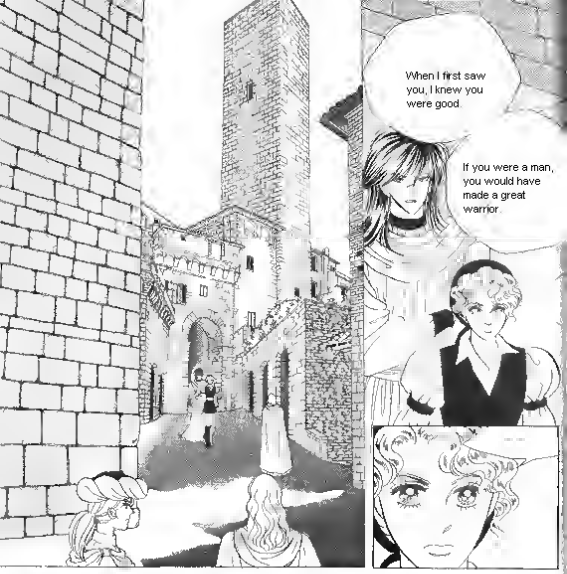
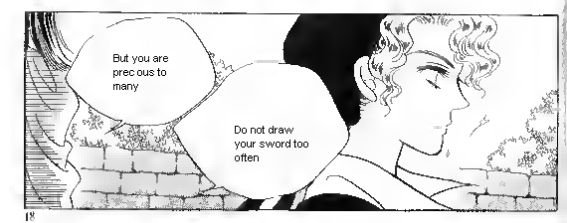
If you speak of him ever again I will make sure that mouth of yours s taken care of !
Yes yes !



When I first saw you, I knew you were good.
If you were a man, you would have made a great warrior.



But you are prec ous to many
Do not draw your sword too often

Besides, I see that you are quite close to the chief guard. If you draw your sword every time someone speak of him badly, you will get other's sword stuck on your back someday.
Everyone has their way of living.
You said that you are Anatorian?
How's Anatoria?
The land's huge
And cold
You need to fight for your life every minute
I was going to watch the barracks
I was planning to go there after I lose my mad

It's been extended. There will be another 10 days later.
Uncle Naru is at home
Alright, you escort the king.

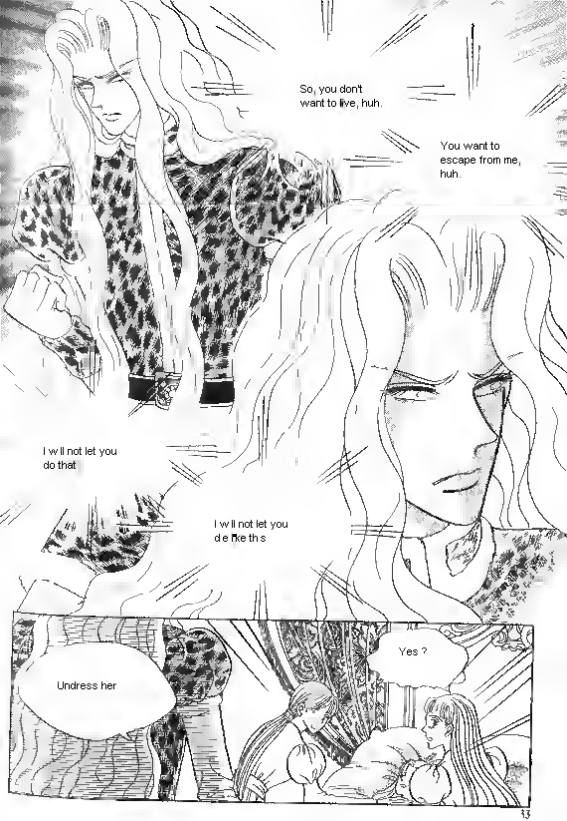
She was exposed to extreme cold for a long period of time when she was physically weak from the last incident
Her wound is not concern for now. She must regain her warmth.
Put more woods in
Yes sire
Madam, I want you to massage her body
It will be dangerous if she doesn't regain her warmth soon



So, you don't want to live, huh.
You want to escape from me, huh.
I will not let you do that
I will not let you die like this

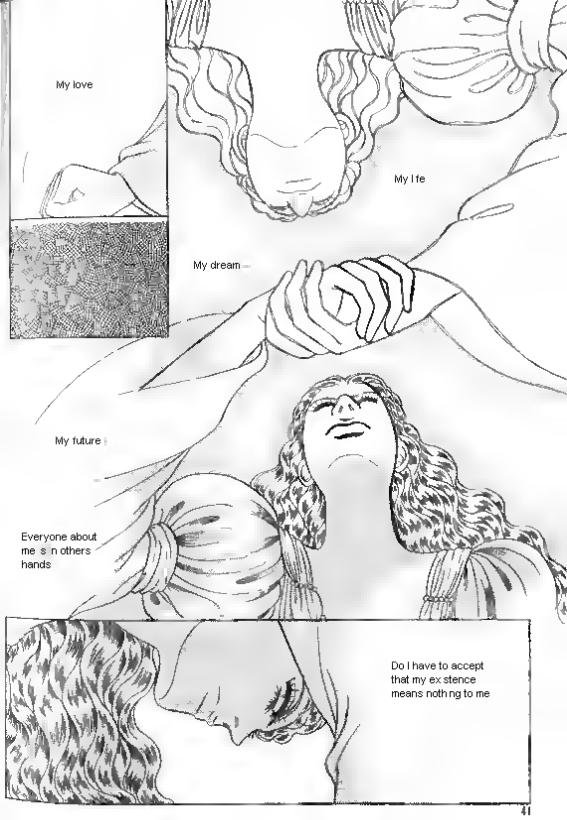
A man who took the throne by himself in the barren land
A man I've seen only one time when I was age of 12 Skade Tor
He now wants me as a mistress while he doesn't even have a queen
This is clearly a sign that he looks down at Ramra

If the k ng doesn't make that nursema d s daughter the queen th s whole deal s over
Even that low-btich found her love and is walking on her path ...
Is it nevitable that I have to abandon my future because my fate s n k ngs' play ?



My love
My life

Everyone about me is in others hands
Do I have to accept that my existence means nothing to me

Will I be

I can't make my moves with you being held hostage in Anatoria
I am going to do it before you are sent
Once the ships leave
I am doing to do it

You will see
Once I begin
I will see the end
The king
The Vanda
I will wipe them out!

They think you are my friend in that outfit
I am your friend.

I didn't know
you'd come here

You said you

I have enough time
So, I came
I missed you.

it should have been

Fine you are visiting me

I don't know

I wondered myself that maybe I made It even harder for you
You can't do th s and that
S'des you may have to choose when t me comes
I thought that perhaps I made you suffer from such thoughts

What was more painful was that
I couldn't earn your mind.
There will never be more painful one

There may be

You haven't been able to eat properly.
What are you say ng ?
I thought I knew what you were th nking by just looking at your eyes
And you haven't been able to sleep well. Yet, I have no idea what is troubling you.
Looks like purpose of my existence doesn't mean anything anymore...
I can't even solve anything for you
Hate you ever
Your wh n ng gets worse and worse

What s up ?
You want to see B nstead of the k ng ?
I have to wat n the wating room to see her now ?

It's the king's order.
And due to the current flow of situation
How do people...
when they meet her?
Although it is not official the king did announce his marriage with her So we call her either milady or queen
I cannot let you meet her in a private room I can no longer trust you with this anymore
You understand that don't you?
If you don't feel like dressing her that way just give me your message
I am going to see her

Lady please
bow to the queen

Please do so

janinas

My queen
I would like to talk to you in private Will you allow me to?

No !
The weather s good
Let s go to terrace
Please don't

I w ll leave the

What do you
I want to meet Sei
I am sorry
I am sure you know where he s
I don't know where he lives or he is at all
You don't know?
Yet I don't know anything about him I guess I am not a good friend of his
He even threatened to kill me if I try to harm you again
He acted as if he was very closr to you

Are you looking for Sei because he was rude to you ?
it s not that
If so please accept my apology He was do ng it for me
I just need to see h m
Perhaps he w ll show h mself f I try to harm you aga n
I can't say for sure
Then would you m nd test ng it ?
But he d d show up everyt me I was n danger
What ?

We will create a dangerous situation
Like :
I act like choking you
Aren't you afraid
I might actually choke you to death
I am sure you will not make the worst choice

You are wrong !
I was ra sed n a fam ly where pr de s more mportant than anyth ng else
My pr de has already been broken nto p eces and I have noth ng more to be destroyed
I am more than w ll ng to murder you f that w ll restore my pr de But

L'sten carefully
The post on you are try ng to st on s not yours alone
The current you who s weak and tend to rely on others
w ll not be able to hold the post on for long

If you want to be the mother of Ramra
You have to become stronger
You have to be more impulsive
Only after that
I will acknowledge you
Only after then, I will no longer feel being mortified
You better snap out of it
If you thought that this is something you can gain just because you wanted without sense of duty
I don't want to lose to someone incapable

Looks like Sei is not around. I am leaving.
If you see Se tell him that I need to see him

Jaimes
www.jaimes.com

Why are you
looking for me ?
If you knew
why are you

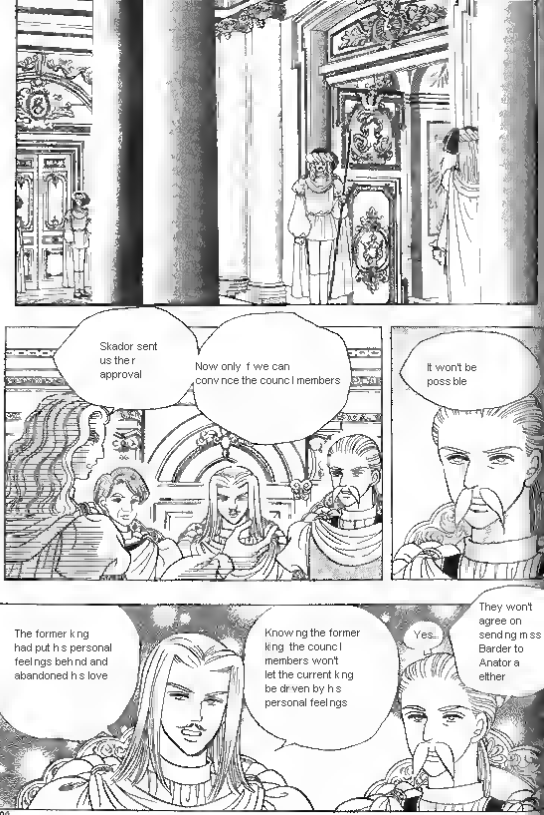
What s it ?
Money
What I am about to
ask
you have to accept

프린세스
Princess

I–
don't do any job because of money.
Why d d you take father s money last t me?
I d d not do it because of money
Then–
I am go ng to ask you as a fr end
Why I can't even be a fr end to you?
Tell me what it s f rst

Tonight father is going to send his man to his secret base where his men are being trained
I want you to follow him
I want to know how much man power he has
Why
What are you thinking ?
I guess I am beginning to understand why Bii considers you as a friend.
And what makes you think that I am not going to tell the king ?
I am asking you, Sei.



Skador sent us their approval
Now only if we can convince the council members
It won't be possible
The former king had put his personal feelings behind and abandoned his love
Knowing the former king the council members won't let the current king be driven by his personal feelings
Yes..
They won't agree on sending miss Barder to Anatora either

She is already pregnant wit the king's child and you saw how strong the king's will was.
Well
If we can all agree on this and push against Anatoria, I believe they will change their opinion.
But if we do th s wrong it s going to create danger n and out of the country
We do want to follow the king but it sn't an easy issue
I don't th nk we should burden the king again n the 100 man counc l The king will not withdraw
He has already offcally made the baby as the her Whether we like or not she is the mother of the her
I ask you to conv nce others to make a sol d agreement n the next counc l meeting

Where is your father ?
Uncle Naru,
Father s try ng to conv nce those who are d sagree ng on the dec s on from the 100 man counc l
Try ng to make a nursema d s daughter the queen itself s already hard enough And it nvolves m ss Barder He s go ng to have tough t me with th s

Um chef
The queen s here
Why d dn't you call me?
I would l ke to meet general Va da

If I knew you were waiting, I would have come home sooner.
No. I don't think others should know about my presence here. So, I asked the chef not to tell anyone
... What brings you here?
..... I need to ask you for some advice.
Go on
General...
I know very well that the king's pushing his limits because of me
Jeannes
www.jeannes.com

I realize that
I should have
never returned But
it d d happen
And I cannot leave
due to the baby
However be ng the
queen wasn't
someth ng I had n
m nd
And I bel eve I am
not suitable to be
the queen
If m ss Barder becomes
the queen wouldn't
th s cr s s be over ?
I want to ask you
how to make it poss ble
And what needs to be
done n order to secure
the k ng s safety

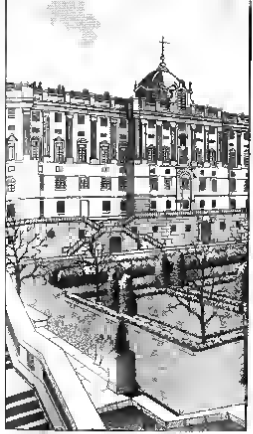
The k ng s nursema d was an extremely beautiful woman I see that her daughter has nherited beauty
I see why the king fell for her.
Watch your mouth She s the mother of the her
I am sorry
Have you visited lady Sharu ?
I have Send ng her money is it because of the ndecent reason ?
The ndecent reason ?

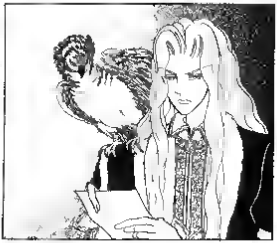
From what I hear they say that she is your mistress
What ?
The word has spread and pretty much everyone knows
Is it true ?
Of course not
Then why are you supporting her secretly ?

I put my trust in you and sent you for the task because I cannot leave the castle at this time.
I want you to forget that you've been there and I asked you to do it.
Noth ng happened
I cannot tell you anymore than that
Even Leo doesn't know.
Keep that in mind.
I understand

Can't you be a lady ?
Have you heard ?
Our Esh ld s wanted as a m stress from Anator a

You knew ?
Oh my God !
Only I didn't know ?
Calm down !
Wasn't breaking the engagement enough ? This is ridiculous !
You being loud won't solve anything.
You doing nothing is going to solve it then ?

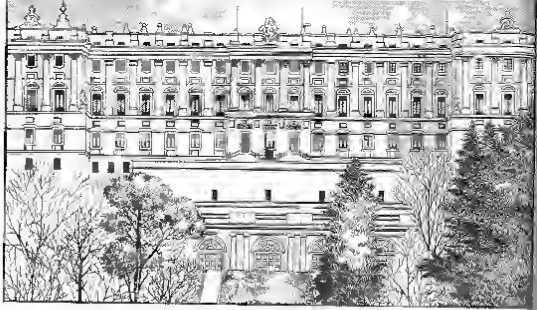


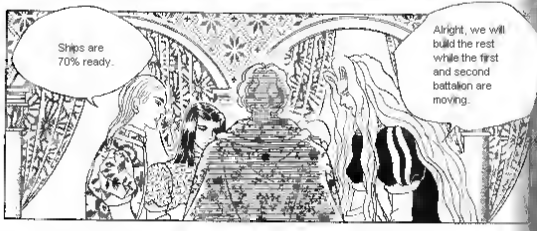


Ramira is becoming unstable

Your prediction was right
Many are supporting the Barder
Now only if his daughter is sent to the port and then the Barder revolts the result will become interesting
even if the citizens deeply support the royal family

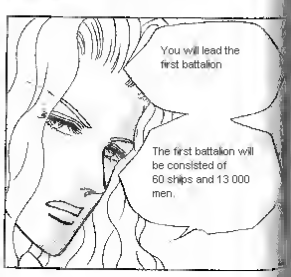
Furthmore
it seems the Barder
s prepared to go
You s re should
be prepared as well





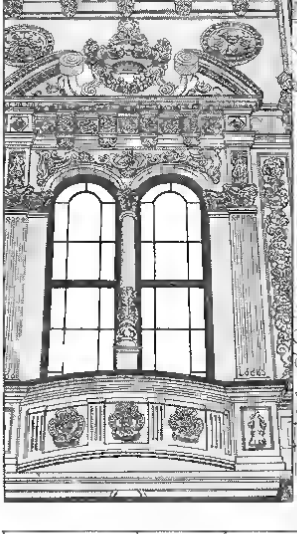
Ships are 70% ready.
Alright, we will build the rest while the first and second battalion are moving.

Baran,
Yes, sire.

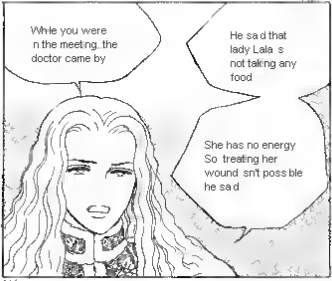


You will lead the first battalion
The first battalion will be consisted of 60 ships and 13 000 men.

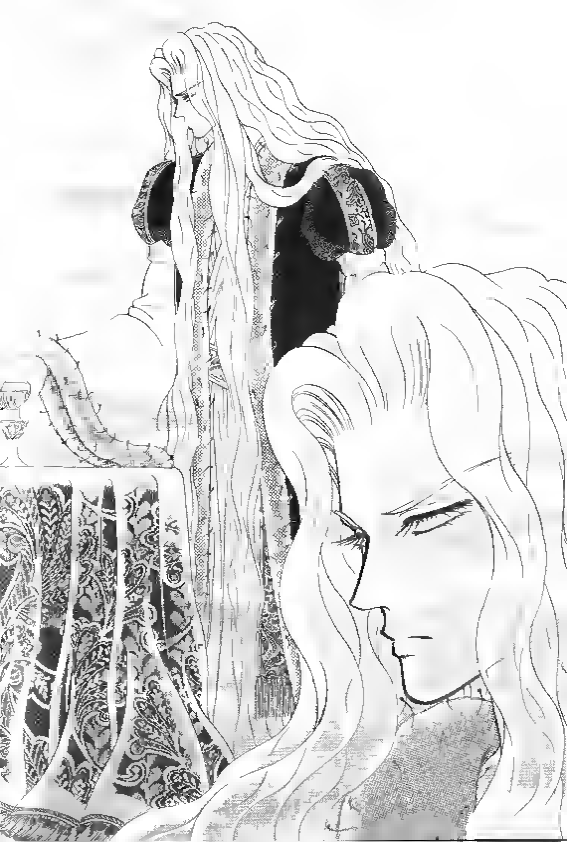
Pick men who are better at land than sea because you will assist the Barder once he begins.
The second battalion will be naval force. It will block Skador's forces.
It will also be consisted of 60 ships and 13,000 men
The third battalion will be staying between Skador and Ramra just in case 50 ships will be given
We will finish the rest of ships while doing this In case of their counterattack be on full alert



Sire :
What s it ?



While you were n the meeting, the doctor came by
He sa d that lady Lala s not talking any food
She has no energy So treating her wound sn't poss ble he sa d



Why are you insisting to die ?
The long way you had to come with Sibel think of it
Doesn't Sibel mean anything to you ?
Sibel is now with his father and you are here for him
Sibel is no longer my concern

Thankfully
Sibel doesn't need me either
So ?
That s why you are doing this foolish act ?
Forgive me
I should have been dead a long time ago
When my sister was killed I should have followed her
Sibel s in safety
My task is over

Foolish girl
Haven't you figured out the king's mind?
The majesty's here
Sire—

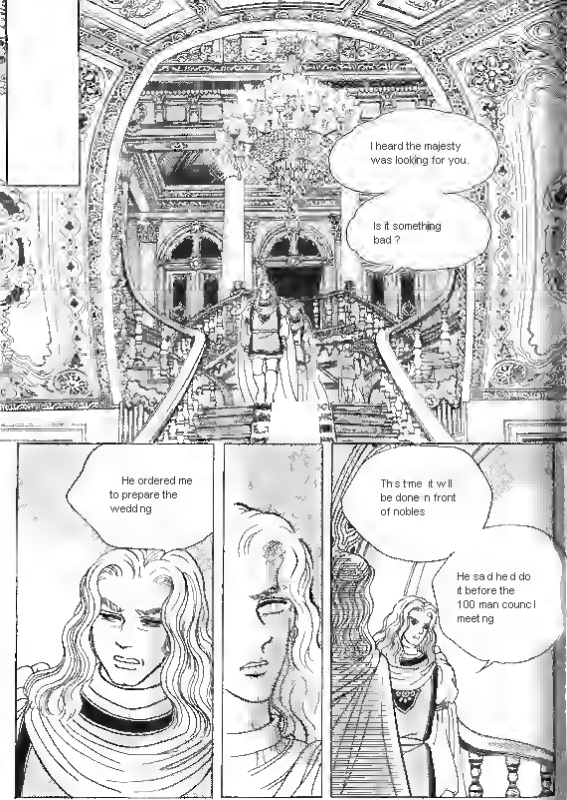
Be outside.
Yes

I will propose a solution.
I've saved you three times
I am not going to let you die without my consent
If you die

Sibel will be executed.
Sibel s your own child !
I never acknowledged hm
And you don't thnk I can ?

Coward
You are
a coward
Not only that
I am cruel
Very cruel
They tell me I have
no mercy
But
If you live
and be mine

I will acknowledge Sibel as the heir.
"Note : Not son but "heir"
How about it ?
Isn't it a good deal ?



I heard the majesty was looking for you.
Is it something bad ?
He ordered me to prepare the wedd ng
Th s t me it w ll be done n front of nobles
He sa d he d do it before the 100 man counc l meet ng

And you didn't stop him ?
It's too late to change his mind
Bill asked me how not to harm the king
But he's not going to listen to anyone right now
His decision has been made The only solution is let him have his way
At that time
I should have killed her

I didn't realize this when I was searching for B even
The prime minister has a very large army

This wasn't done just few years ago. The amount of men and supplies .
He has mod f ed cl ffs as watch towers and keep ng the whole area secure
The pr me m n ster has been plann ng to revolt for a long t me even before the current k ng took h s place

Now what are you going to do with this ?

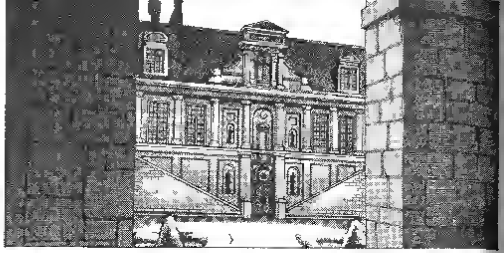
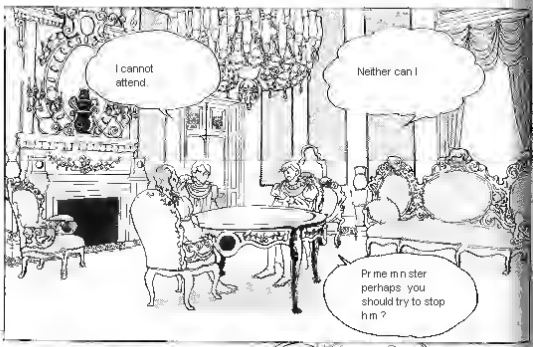
Yes Eshld
What should you do

M'lady !
M'lady !
What is it now ?
Act your age
A not ce has been posted all over the city
it sa d that the nursema d s daughter and the k ng are go ng to get marr ed !
t s amaz ng that I am still al ve see ng that

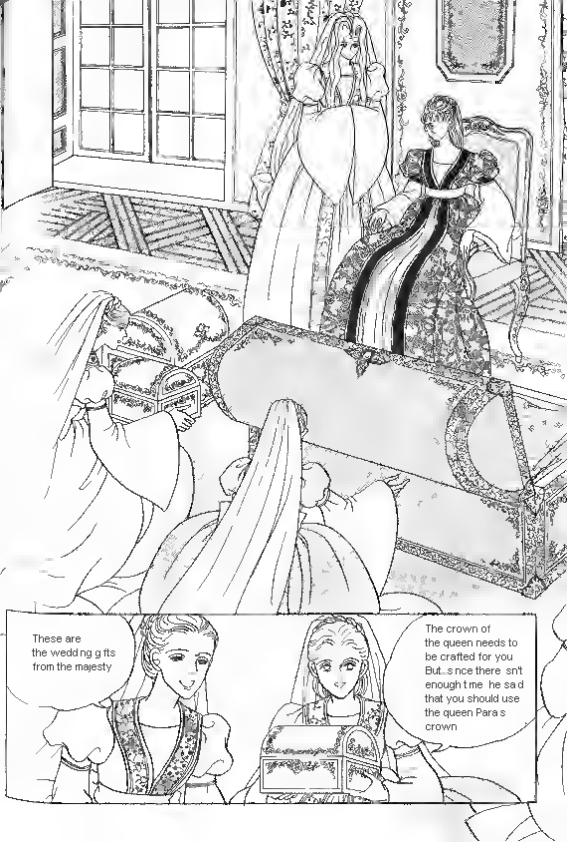




I cannot attend.
Neither can I
Pr me mn ster perhaps you should try to stop h m ?

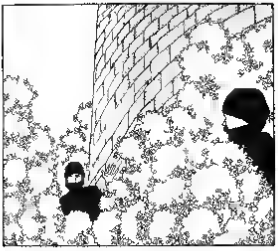
I fear that misturst will be formed due to this.
Mistrust has already formed !

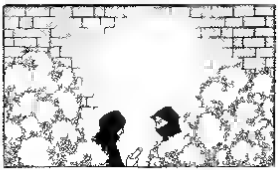
We can no longer disagree with him.
Since it has gone this far, we might just as well follow his decision and not create any more crisis.
But hosting his own wedding so suddenly
After preparing it for only few days
Doing this without inviting ambassador of Skador and Anatora will cause problems in the future
Important nobles of Ramra will be invited and travelers will be free to be at the wedding as well An official message will be sent to the pope in Rome
Whether other countries arppove this or not this is the majesty's decision We have no choice but follow

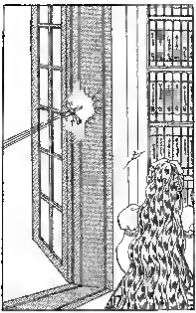


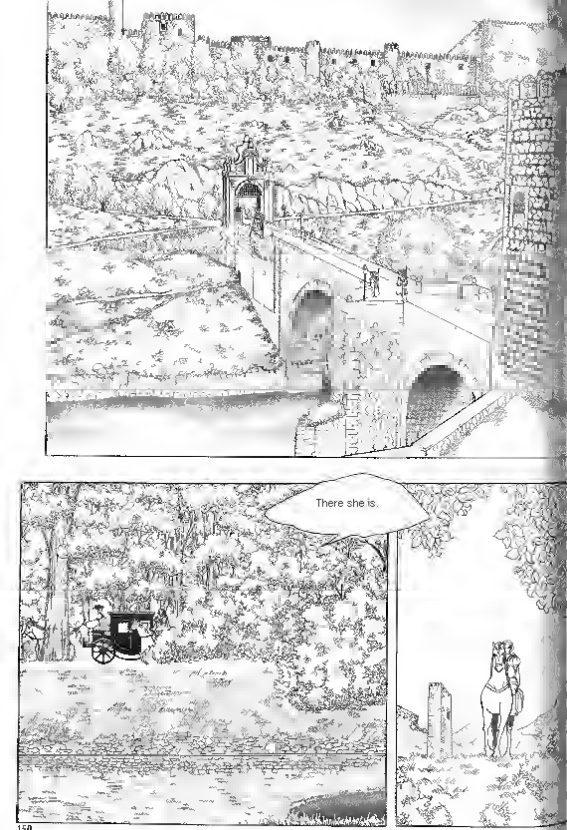
These are the wedding gifts from the majesty
The crown of the queen needs to be crafted for you But..since there isn't enough time he said that you should use the queen Para's crown

It's really beautiful, see?
Please try on th s dress and shoes
The dress may not fit you due to your pregnancy So a ta lor w ll come by
Get these out of the room and call the ch ef guard

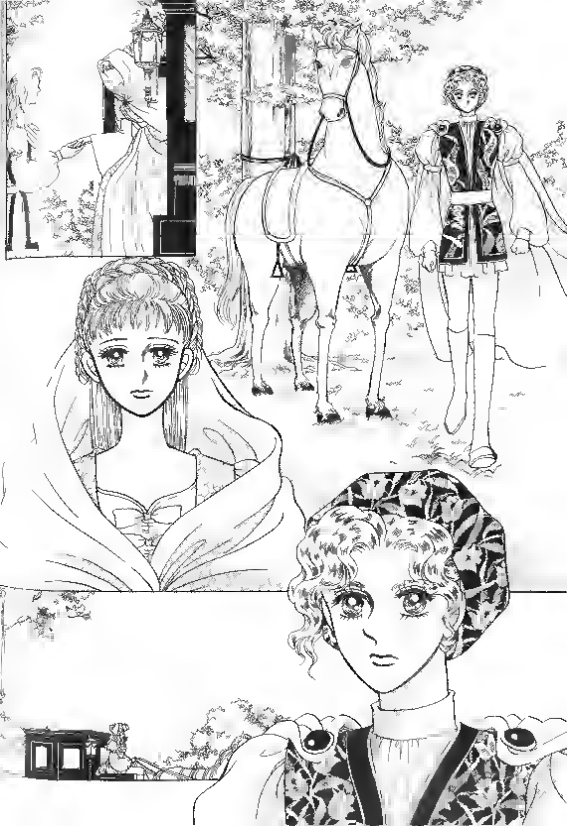








There she is.



I am sorry for calling you out here.
It's dangerous for you to be out here. What brings you here?
That's why I said it's dangerous If people find out that the carriage is yours
I am sure that you know of the wedding
I am aware of that
The reason I called you here even so is that
I have a favor to ask of you

I had a lot of thinking after your visit
I came back because I loved the majesty My head had nothing but longing attachment for him
I had determined that my life was meaningless without his presence next to me Therefore, I couldn't leave him and I see that my actions have resulted so much burden on so many peoples shoulders
Do I have what it takes to assist the king
When he puts me in the throne of the queen... will I be able to perform properly as a queen

However
Your v sit made me take matters much more ser ously
I am more afra d of the fact that the k ng m ght earn m strust from h s people
My only love
The only person I ve been long ng and look ng at for my ent re l fe
If my l fe s what t w ll take to secure h s safety !
If that s all t w ll take

Really
I am prepared to do anything for it
Therefore
The favor I am going to ask of you is ...
Then there s noth ng else to th nk about
After I g ve b rth to the baby
I w ll be
gone

M'lady !
The baby will stay here.
Because it s his child
You have my word
So I ask of you Please tell the prime minister
The crown of the queen will be yours
not to turn against the king and serve him as he did with the former king Tell him to protect the king and Ramra as he used to
In exchange even if your child becomes the heir
Please let my child live

I w ll try to stop the wedd ng
But even f I fa l to stop h m and the wedd ng does happen
That s only that
Without Anator a s approval I won't be the queen anyway
Please do not th nk about the recent demand from Anator a
Just wait unt l I leave and I w ll leave the rest to you

You are wrong
I do not love the king
I will never be able to

All the time the part of me that was hurt was

It's all over
